FISCAL ANALYSIS

ASSUMPTION

Officials of the **Missouri House of Representatives, Office of Administration, Division of Budget and Planning, and Office of the Attorney General** stated that this proposal would have no direct fiscal or administrative effect on their agencies.

Although they did not respond to our request for information, officials from the **Missouri Senate**, in response to a similar proposal in the prior session, stated that this proposal would have no direct fiscal or administrative effect on their agencies.

Officials from the office of the **Secretary of State (SOS)** stated that Statewide newspaper publication of constitutional amendments cost approximately \$1,161 per column inch based on estimate provided by the Missouri Press Service x 3 for multiple printings as required by the Constitution and state statute = \$3,485 per column inch. The SOS estimates this amendment would require ten column inches for publication including the title header and certification paragraph. (\$3,485 x 10 = \$34,850) The proposal would be on the ballot for the November 2004 general election. Costs are based on 2003 figures and are subject to change.
